**SMART SAFE SUSTAINABLE**

## BRAND STORY

At EnviroCare, we're dedicated to creating cleaner, safer, and greener spaces through our eco-friendly cleaning and hygiene solutions. With a strong focus on sustainability and performance, we provide innovative cleanroom and sanitation products that protect both people and the environment. Built on trust and innovation, EnviroCare continues to lead the way in promoting responsible cleaning practices that ensure health, safety, and environmental balance. We believe that true cleanliness is not just about what shines; it's about what sustains.

## WHAT WE OFFER

EnviroCare provides a wide range of eco-friendly cleaning and hygiene solutions, including:

- Cleanroom consumables
- Cleaning and disinfection products
- Industrial hygiene solutions
- Eco-friendly cleaning supplies
- Safety and protective equipment

## PRODUCT CATEGORIES

### SHOE COVER DISPENSER

Our Shoe Cover Dispenser offers a fast, hands-free way to apply shoe covers, ensuring superior hygiene in cleanrooms, laboratories, hospitals, and controlled environments. Designed for convenience and efficiency, it helps minimize contamination while keeping floors clean and safe. Durable, easy to use, and ideal for high-traffic areas.

#### MANUAL SHOE COVER DISPENSER

- No power required
- Easy foot-press mechanism
- Durable and stable design
- Compatible with standard shoe covers
- Helps reduce contamination in work areas

#### SPECIFICATIONS

- Size: 430 × 250 × 200 mm
- Material: ABS Plastic + Metal Frame
- Weight: 2–3 kg
- Packaging: 1 unit/box
- Color Options: Blue / Silver

#### AUTOMATIC SHOE DISPENSER

- Touch-free automatic dispensing
- Fast and efficient for high-traffic areas
- Stable, anti-slip base
- Easy to reload shoe cover cartridges
- Ideal for labs, clinics, food facilities & cleanrooms

#### SPECIFICATIONS

- Size: 430 × 260 × 210 mm
- Material: ABS + Stainless Steel
- Weight: 3–4 kg
- Packaging: 1 unit/box
- Color Options: White / Blue / Grey

## DISPOSABLE GLOVES

Our Disposable Gloves provide reliable hand protection for cleanrooms, laboratories, healthcare, and industrial environments. Designed for comfort and durability, they offer excellent barrier protection against contaminants, ensuring hygiene and safety during every task. Available in multiple sizes and materials to suit different applications.

### NITRILE GLOVES

- Powder-free and latex-free
- High puncture and tear resistance
- Comfortable, flexible fit
- Suitable for chemical handling and hygiene tasks
- Textured fingertips for better grip

### SPECIFICATIONS

- Size: S, M, L, XL
- Material: Nitrile
- Weight: Approx. 4–5 g per glove
- Packaging: 100 pcs/box
- Color Options: Blue / Black / Purple

### VINYL GLOVES

- Material: PVC
- Thickness: 0.07–0.10 mm
- Length: 240 mm
- Sizes: S / M / L / XL
- Color Options: Clear / Blue
- Packaging: 100 pcs/box

### NONWOVEN ARMSLEEVES

- Size: Standard (40 × 20 cm approx.)
- Material: Nonwoven Polypropylene (PP)
- Weight: 20–30 gsm
- Packaging: 100 pcs/bag
- Color Options: Blue / White

### LATEX GLOVES

- Natural latex, flexible and comfortable
- Powdered or powder-free options
- Good dexterity and tactile sensitivity
- Resistant to tears and punctures
- Suitable for general hygiene and medical use

### PE ARMSLEEVES

- Size: Standard (40 × 20 cm approx.)
- Material: Polyethylene (PE)
- Weight: 8–12 microns
- Packaging: 100 pcs/bag
- Color Options: Blue / White

### SPECIFICATIONS

- Size: S, M, L, XL
- Material: Natural Latex
- Weight: Approx. 4–5 g per glove
- Packaging: 100 pcs/box
- Color Options: White / Cream

## DISPOSABLE LAB COATS

Our Disposable Lab Coats offer lightweight, hygienic protection for cleanrooms, laboratories, medical facilities, and industrial environments. Designed for comfort and ease of movement, they provide an effective barrier against dust, spills, and contaminants while ensuring a professional appearance. Ideal for single-use applications requiring high cleanliness standards.

### PE APRON

- Waterproof and chemical-resistant
- Single-use, hygienic design
- Lightweight and easy to wear
- Provides full front protection
- Ideal for food service, cleaning & healthcare

### SPECIFICATIONS

- Size: 70 x 120 cm (standard)
- Material: Polyethylene (PE)
- Weight: 8–12 microns (varies by model)
- Packaging: 100 pcs/pack
- Color Options: White / Blue

### ISOLATION COVERALLS

- Size: M, L, XL, XXL, XXXL
- Material: Non-woven PP / SMS (25–55 gsm)
- Weight: Approx. 80–120 g per suit
- Packaging: 1 pc/bag, 50 pcs/carton
- Color Options: White / Blue

### COVERALLS

- Size: M, L, XL, XXL, XXXL
- Material: Non-woven PP / SMS (30–60 gsm)
- Weight: Approx. 90–130 g per suit
- Packaging: 1 pc/bag, 50 pcs/carton
- Color Options: White / Blue

### VISITORS COAT

- Size: M, L, XL, XXL
- Material: Non-woven Polypropylene (PP)
- Weight: 25–40 gsm
- Packaging: 10–50 pcs/pack
- Color Options: White / Blue

## DISPOSABLE PPE

Our range of Disposable PPE, including face masks, hairnets, beard masks, and hood covers, provides reliable protection against contamination in cleanrooms, laboratories, healthcare, and industrial settings. Lightweight, comfortable, and hygienic, each item is designed for single-use safety, ensuring maximum cleanliness and compliance with industry standards.

### NONWOVEN HAIRNET

#### SPECIFICATIONS

- Size: 18", 21", 24"
- Material: Nonwoven Polypropylene (PP)
- Weight: 10–15 gsm
- Packaging: 100 pcs/bag, 1000 pcs/carton
- Color Options: White / Blue

- Soft, breathable nonwoven material
- Elastic band for secure fit
- Lightweight and comfortable
- Single-use hygienic design
- Ideal for food service, labs & cleanrooms

### BEARED MASK

- Soft and breathable material
- Lightweight and comfortable for long wear
- Elastic ear loops for secure fit
- Prevents beard hair contamination
- Ideal for food industry, cleanrooms & medical settings

### FACE MASK

- Size: Standard adult size
- Material: Nonwoven PP + Melt-blown filter
- Weight: 3–4 g per mask
- Packaging: 50 pcs/box
- Color Options: Blue / Black / White

### HOOD CAP

- Soft, breathable nonwoven material
- Elastic band for secure fit
- Lightweight and comfortable
- Single-use hygienic design
- Ideal for food service, labs & cleanrooms

### SPECIFICATIONS

- Size: 18", 21", 24"
- Material: Nonwoven Polypropylene (PP)
- Weight: 10–15 gsm
- Packaging: 100 pcs/bag, 1000 pcs/carton
- Color Options: White / Blue

### SPECIFICATIONS

- Size: S / M / L
- Material: Natural Latex
- Thickness: 0.08–0.12 mm
- Weight: Lightweight
- Packaging: 100 pcs/bag or 1,000 pcs/bag
- Color Options: White / Pink / Black (ESD)

### FINGER COTS

- Anti-static (optional) for sensitive electronics
- Smooth, comfortable fit for long use
- Prevents contamination from oils and particles
- Rolled cuff for easy wearing
- Ideal for labs, assembly lines & cleanrooms

### NG13 HOOD COVER

- Full head and neck protection
- Breathable and lightweight
- Elastic face opening for secure fit
- Comfortable for long-duration use
- Ideal for cleanrooms, pharma & food industry

### SPECIFICATIONS

- Size: Universal (One size fits most)
- Material: Nonwoven Polypropylene (PP)
- Weight: 20–30 gsm
- Packaging: 100 pcs/bag
- Color Options: White / Blue

## SHOE & DISPOSABLE COVERS

Our range of Cleanroom Shoes, Slippers, and Disposable Shoe Covers provides reliable protection against dust, particles, and contamination in controlled environments. Designed for comfort and durability, they ensure cleanroom compliance while maintaining maximum hygiene. Ideal for laboratories, pharma, manufacturing, and healthcare settings.

### PE SHOE COVERS

- Waterproof and dust-resistant
- Lightweight and durable
- Elastic opening for secure fit
- Suitable for visitors and staff
- Ideal for clinics, labs & food facilities

### SPECIFICATIONS

- Size: Standard (fits most shoe sizes)
- Material: Polyethylene (PE)
- Weight: 2–4 g per cover
- Packaging: 100 pcs/bag, 2000 pcs/carton
- Color Options: Blue

### SPECIFICATIONS

- Size: Standard (fits most shoe sizes)
- Material: Nonwoven Polypropylene (PP)
- Weight: 20–30 gsm
- Packaging: 100 pcs/bag, 2000 pcs/carton
- Color Options: Blue

### NON WOVEN SHOE COVER ANTI- SLIP

- Anti-slip sole for extra grip and safety
- Strong nonwoven material
- Elastic ankle for secure fit
- Protects floors from dirt and contamination
- Ideal for medical, industrial & laboratory use

### ESD PVC SLIPPER

- Anti-static performance for ESD-safe environments
- Comfortable, lightweight PVC construction
- Anti-slip sole for safe movement
- Easy to clean and long-lasting
- Suitable for electronics, labs & industrial use

### SPECIFICATIONS

- Size: 36–45 (EU)
- Material: ESD PVC
- Weight: Lightweight
- Packaging: 1 pair/polybag
- Color Options: Blue / White / Black

ENVIRO CARE

### NONE-HOLE ESD SHOE PVC

#### SPECIFICATIONS

- Size: 36–46 (EU)
- Material: PVC (Anti-static)
- Weight: Approx. 400–500 g per pair
- Packaging: 1 pair/box
- Color Options: Blue / Black

- ESD-safe to prevent static build-up
- Non-hole, solid PVC construction
- Slip-resistant sole for safety
- Durable and easy to clean
- Ideal for electronics, labs & cleanrooms

#### SPECIFICATIONS

- Size: 36–46 (EU)
- Material: PVC (Anti-static)
- Weight: Approx. 400–500 g per pair
- Packaging: 1 pair/box
- Color Options: Blue / Black

### FOUR-HOLE ESD SHOE PVC

- ESD-safe to prevent static discharge
- Four-hole design for ventilation and comfort
- Slip-resistant sole for safe movement
- Durable and easy to clean
- Ideal for electronics, labs & cleanrooms

### ESD X-SHAPE SLIPPER

#### SPECIFICATIONS

- Size: 36–45 (EU)
- Material: ESD PVC / EVA sole
- Weight: Approx. 150–200 g per pair
- Packaging: 1 pair/polybag
- Color Options: Blue / Black

- ESD-safe construction to prevent static discharge
- X-shape design for comfort and ventilation
- Anti-slip sole for improved safety
- Lightweight and durable for long wear
- Ideal for electronics, labs & cleanrooms

### ESD X-SHAPE SLIPPER

- Size: 36–45 (EU)
- Material: ESD PVC / PU Sole
- Weight: Lightweight
- Packaging: 1 pair/polybag
- Color Options: White / Blue

## CLEANROOM PRODUCTS

EnviroCare offers a comprehensive range of cleanroom products designed to maintain strict hygiene, safety, and contamination control standards. Our portfolio includes ESD Vacuum Cleaners, Grommets & Cable Guards, Room Alert Systems, HEPA Filters, Rodent Monitoring Devices, Contamination Control Mats, Dycem Mats, AKCP Devices, and Solar Panel Brushes. Each product is engineered to support cleanroom efficiency, protect equipment, and ensure a controlled, compliant environment.

### ESD VACUUM CLEANER

#### SPECIFICATIONS

- Size: 420 × 220 × 300 mm (approx.)
- Material: ABS Plastic + ESD Components
- Weight: 4–6 kg
- Packaging: 1 unit/box
- Color Options: Blue / Grey

- ESD-safe for sensitive electronic areas
- High suction power for efficient cleaning
- Lightweight and portable design
- Durable construction for industrial use
- Suitable for labs, cleanrooms & electronics workshops

### HEPA FILTERS

#### SPECIFICATIONS

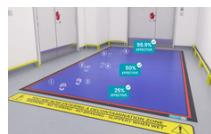

- Size: Custom sizes available
- Material: Fiberglass media / Aluminum or GI frame
- Weight: 3–6 kg (depending on size)
- Packaging: 1 filter/box
- Color Options: Silver frame

- Removes 99.97% of particles ≥ 0.3 microns
- Low resistance with high airflow efficiency
- Strong aluminum or GI frame options
- Suitable for cleanrooms, labs & ventilation systems
- Long service life and stable performance

### SOLAR PANEL BRUSH

- Soft, non-abrasive bristles for safe cleaning
- Lightweight and easy to handle
- Long reach for rooftop and large panel areas
- Removes dust, sand, and bird droppings effectively
- Suitable for residential, commercial & industrial solar systems

### DYCEM CONTAMINATION

- Removes fine particles with superior polymer tack
- Reusable, long-lasting, and cost-effective
- Easy to clean and maintain
- Anti-microbial & non-slip surface
- Ideal for cleanrooms, pharma, labs & electronics

### GROMMETS & CABLE GUARDS

- ESD-safe design
- Strong suction power
- Lightweight & portable
- Durable for industrial use
- Ideal for labs, electronics & cleanrooms

### AKCP DEVICES

- Size: Varies by model (e.g., SP2+: 110 × 56 × 28 mm)
- Material: Industrial-grade ABS
- Weight: 150–350 g
- Packaging: Device + power adapter + quick-start guide
- Color Options: Blue / Black (brand-standard)

### ROOM ALERT

- Size: Varies by model (e.g., 3S: 12.7 × 7.6 × 3 cm)
- Material: ABS Industrial Plastic
- Weight: 200–600 g (depending on model)
- Packaging: Monitoring unit + power adapter + user guide
- Color Options: Red (standard Room Alert color)

### RODENT MONITORING

- Size: 100–150 mm (sensor unit)
- Material: ABS Industrial Plastic
- Weight: 150–300 g
- Packaging: Sensor unit + mounting kit + guide
- Color Options: Black / Grey

## MISSION

At EnviroCare, our mission is to provide innovative, eco-friendly cleaning and hygiene solutions that promote health, safety, and sustainability. We are committed to helping businesses and individuals maintain clean, safe, and environmentally responsible spaces, while reducing the impact on our planet.

## WHY CHOOSE ENVIROCARE

- Eco-Friendly Solutions: We offer sustainable, non-toxic cleaning and hygiene products that are safe for people and the environment.
- High-Quality Products: Our range meets international standards for cleanrooms, industrial hygiene, and commercial spaces.
- Trusted Expertise: Years of experience in providing reliable, efficient, and innovative cleaning solutions.
- Customer-Focused: Tailored solutions and dedicated support to meet the unique needs of every client.
- Sustainability Commitment: We help businesses and individuals adopt responsible cleaning practices that reduce environmental impact.

## DELIVERY

Shipping costs are calculated based on the selected shipping method, the weight and dimensions of the package, and the destination. The estimated delivery time is calculated from the date of shipment, not from the date of order placement. We are not responsible for any delays or delivery failures caused by incorrect or incomplete address information provided by the customer.

## RETURN POLICY

The customer is solely responsible for all costs incurred for all cancelled orders, including materials, labor, taxes and shipping fees
